Dear Participants,

we also look forward to welcoming you to our 2013 ISPS conference in Warsaw. We have a fine programme of guest speakers, pre-conference and conference workshops, symposia, brief presentations and posters to which many of you are contributing.

Psychological therapies remain in the background in many countries. However the support and exchanges between ISPS members at our conferences are always revitalizing of our endeavours when we return home. We welcome the increasing involvement of experts by experience and family members in our conference and our organisation and value their increasingly important role in speaking up for the need for psychological and psychosocial interventions.

This is our first Eastern European conference and we anticipate that our Warsaw meeting will prove to be a most important stimulus for the development of a vibrant Polish ISPS network to add to the growing ISPS family.

Jan Olav Johannessen, *Chair International Organising Committee*

Bent Rosenbaum, *Co-organiser pre-conference workshops*

Brian Martindale, *Chair of ISPS*

Drodzy Uczestnicy,

witamy Was na konferencji ISPS 2013 w Warszawie. Zaszczyciło nas swoją obecnością wielu prelegentów, przygotowaliśmy ciekawe warsztaty prekonferencyjne. Podczas konferencji będzie możliwość wzięcia udziału w warsztatach, sympozjach, prezentacjach ustnych i sesjach plakatowych, do powstania których wielu z was się przyczyniło.

W wielu krajach terapie psychologiczne pozostają niezauważane. Wsparcie i wymiany doświadczeń pomiędzy członkami ISPS na naszych konferencjach działają aktywizująco, nawet po powrocie do domów. Cieszy nas rosnące zaangażowanie ekspertów przez doświadczenie i członków rodzin w naszej konferencji i naszej organizacji. Doceniamy ich coraz większą rolę i głos, mówiący o potrzebie interwencji psychologicznych i psychospołecznych.

To jest pierwsza konferencja we Wschodniej Europie i spodziewamy się, że nasze spotkanie w Warszawie okaże się najważniejszym bodźcem dla rozwoju dynamicznej, polskiej sieci ISPS, wchodzącej w skład rosnącej rodziny ISPS.

Jan Olav Johannessen, *przewodniczący Międzynarodowego Komitetu Organizacyjnego*

Bent Rosenbaum, *współorganizator warsztatów prekonferencyjnych*

Brian Martindale, *przewodniczący ISPS*
